Covering East of the Mississippi

Brookville, PA • Cassadaga, NY • Mt. Airy, NC • DriveWithBarber.com

Barber Trucking...Driving for YOU

At Barber Trucking, we are a family. We take pride in what we do and work hard to move America's freight. We hold safety to the highest standard and reward our drivers for meeting and exceeding those standards. Above all, our mission is to get our drivers and those we share the road with home safely.

We steer clear of fine print. We don't offer misleading sign on bonuses or pay only for miles of loaded freight like some of our competitors. We pay the highest wage possible and evaluate our pay package frequently to make sure we stay at the top of the industry, rewarding our drivers for their hard work. We pay out bonuses for safety, new driver referrals, and maintaining clean driving records, and we offer some of the best benefits in the industry.

Barber specializes in deliveries East of the Mississippi, hauling throughout the Mid-Atlantic, North Carolina and Ohio-Indiana regions. This means we can offer more Home Time on Weekends so that you get more time with your families. However, there are national deliveries available all over the U.S., which provides more earning opportunities for any driver wanting those trips. At Barber Trucking, you control your earning destiny, and our drivers love that.

We want to hire new drivers like you directly out of CDL school. Why? When coming into the industry with no prior experience, we offer a training program that will prepare you for the start of your career on the road. You'll successfully complete our 8-day on-site program and 5-week trainee driving program with one of our experienced drivers.

During training, we focus on DOT regulations, maintaining logs, and cargo securement to ensure safe and successful professional truck drivers. We want you to be comfortable and confident driving your career forward behind the wheel of a Barber truck.

Our drivers have told us that this isn't a corporate atmosphere – it's a team and family.
