

Community Action was established on November 14, 1965 and was incorporated as Central Pennsylvania Community Action, Inc. (CPCA) on December 14, 1967.

The organization embarked on providing services to families and individuals with low to moderate incomes in Centre and Clearfield counties.

Today, we have five outreach office locations: Clearfield, Bellefonte, Houtzdale, Philipsburg and Aaronsburg. With locations throughout the two counties, CPCA is able to provide our programs and services to communities, families and individuals we support.

Locations

Our Goal:

To strengthen communities in Centre and Clearfield counties by helping families and individuals to become self-sufficient.

In fact, this is more than our goal, it's our mission statement.

This is why we exist.

Central PA Community Action offers many programs in each county we serve, programs which include, but are not limited to, the following:

- Affordable Housing
- Housing Rehabilitation
- First Time Homebuyer Assistance Program
- Home Weatherization Programs
- Workforce Training Programs
- Medical Transportation Program
- Clothing Assistance Programs
- Nutrition Services

Central PA Community Action has been serving those in need since 1967, that's 50 years in 2017. CPCA has been successful because of the ability to assess programs being offered, and develop new programs based on the needs of those we serve.
