

## Facials

Regular facial treatments, the right skin care regimen and products can quickly improve your skin's overall appearance.

Because your skin is unique, we offer a variety of facials and corrective skin treatments which will be individually customized just for your skin care needs.

**Treatment times vary from 30 - 60 minutes.**

## Micro-Facial

Microdermabrasion with a Customized Facial.

## Spray Tan

Enjoy a customized spray tan in our VersaSpa and safely step inside the future of sunless tanning!

**Also, enjoy our discounted rate per session, year round, with an annual body check from one of our physicians.**

## Dermaplaning

Dermaplaning is a manual modality for exfoliating the outermost layers of dead skin cells which speeds up cellular turnover. It also temporarily removes superfluous vellous hair and there is no "down time" associated with a Dermaplaning treatment. Immediately afterward, your skin will be soft, radiant and silky smooth.

An additional benefit of this type of exfoliation is that it allows cosmeceutical products to penetrate your skin evenly and provide their restorative benefits.

**This treatment includes cleanse, dermaplaning, mask and sunscreen. Add Dermaplaning on to your facial or chemical peel for an additional charge.**
